This Internal Card Reader 13 in 1 enables you to easily read and write to the most popular type of memory card via your PC. The Internal Card Reader can be built into the 3.5" or 5.25" bay (with the bracket supplied), so that no superfluous cables no longer clutter your workspace. The extra 3 USB ports allow you to easily connect other USB devices such as a mouse, scanner, printer, camera, etc. to the front of your PC.
